

## Approved contractors with the expertise and training

All approved contractors have been chosen for their expertise in working in existing and occupied buildings and have been...

- Fully trained by Icopal in the installation of its products and systems.
- Vetted to conform suitability to work alongside children and vulnerable adults.

## Watertight guarantees for complete peace of mind

Insurance backed guarantees are available for up to 20 years depending on the roof specification and provide industry leading protection including...

- The performance and quality of all materials guaranteed by Icopal.
- Workmanship indemnified by the Approved Contractor and underwritten by Icopal.
- Protection against contractor insolvency for the full term of the policy.

# Watertight Roof Recovery Solutions

from the market leader  
in building protection.

# Watertight Roof Recovery Solutions

SCAPE is a Local Authority controlled company wholly owned by six local authorities. It is a Contacting Authority and a Central Purchasing Body who's purpose is to simplify and optimise the provision of re-roofing solutions for schools and other public sector buildings through bringing together roofing products and systems manufacturer Icopal and approved contractors to provide proven, guaranteed solutions.

## The benefits of working with SCAPE

*You'll get a proposal that's...*

- Pre-tendered to meet EU procurement guidelines.
- Pre-designed with full documentation and set prices.
- Pre-approved to meet all building regulations and health and safety requirements.
- Assured to be Best Value with economies of scale unique to SCAPE and Icopal.

## Total roof protection from a single source

*Icopal is the world leader in building protection from roof right down to basement and offers the UK's most complete range of proven top brand products from a single source.*

*For new build or refurbishment of flat or pitched roofs, we have all the answers. If fire risk is an important issue to you, our FireSmart® membranes and installation technology removes naked flames entirely. And, when environmental issues affect your project, nobody has more green know-how than Icopal.*

*We also offer you the most capable people in the industry. Our technical team is there to advise you at every stage of the project, while our approved contractors will deliver consistent, quality assured installation.*

*You'll get a solution that's...*

- Guaranteed with risks of leaks omitted completely.
- Low maintenance.
- Been organised and completed with maximum speed and efficiency.
