

Why work with Scape?

We have produced a proposal that's **competitively pre-tendered** to meet EU procurement guidelines. **Pre-designed** with full documentation and set prices. **Pre-approved**, ready to meet all relevant **building regulations** and **health and safety** requirements.

Your project will be organised and completed with maximum **speed**. Project timings can be predicted **accurately**. Work will be completed **promptly**.

Best value is assured with efficiencies and economies of scale unique to Scape and Kawneer. Low maintenance aluminium provides significant whole life cost savings over comparable PVCu windows.

We supply high quality Kawneer products in a **proven system**, and recommend **approved contractors** who produce expert workmanship.

Ours is the **simplest** and most **economical** way to transform the **appearance and performance** of your building, with **support and advice** from Scape and Kawneer freely available at every stage.

The result? Windows and doors that create a high quality, sustainable, secure educational environment in which children, students and staff can achieve their full potential.

Creating conditions for growing minds

Window and door systems for education

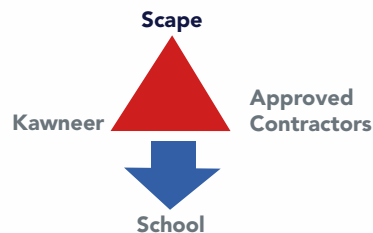

Expertise and best value in partnership

Scape is a specialist limited company wholly owned by six local authorities and is the trading company for CLASP.

We are dedicated to simplifying and optimising the provision of windows and doors for schools and other public sector buildings.

Bringing together aluminium window and door systems manufacturer Kawneer and approved contractors, we provide proven, ready-made yet flexible solutions.

Our pre-approved, pre-tendered approach takes the hassle and risk out of procurement. **Best value** is assured. And attractive spaces that **enhance learning** can be simply and efficiently achieved.

Designed with education in mind

Comfort

One of the world's leading producers of high performance aluminium building products, Kawneer has worked in partnership with CLASP and Scape for over 20 years. We developed the AA®4001 framing system with a group of local architects, and together with the AA®600 window series for replacement window programmes, the product harnesses Kawneer technology to provide:

- Optimum air quality through natural ventilation achieving BB101

- Optimum temperature through glass tinting and sunshading

Compliance

- Satisfying Part L by reducing the building's energy cost

- Satisfying the BB93 acoustic standard to create peaceful spaces

Speed

- The only replacement window technology that allows high levels of off-site fabrication for speed of installation and minimal disruption

Security

- Safe, robust and designed to resist intruders

Sustainability

- Aluminium and glass are the two most sustainable and recyclable materials on earth
- Scape system designed for maximum energy efficiency

Aesthetics

- Flexible and versatile system that can change the entire external appearance of the building by updating the windows
- Dual colour finishes for an even more distinctive look

Guarantees

- Lifetime guarantee on door leaves
- Up to 25 year guarantee on powder coatings
- 12 year (30,000 cycles) guarantee on hardware

Approved contractors who put your needs first

Bennett A.A.S. Limited, Polar (N.E.) Limited and Trent Valley Windows Limited are Kawneer approved sub-contractors who have been awarded the SCAPE Replacement Window Programme contract. This is a reflection of their demonstrated high standards of professionalism, expertise and work integrity within sensitive environments.

Each sub-contractor brings unrivalled experience of working in and around School Buildings and come with high recommendations from head teachers and local authorities.
